Lets ex
behind t
R. is an abbreviation of the Latin word Re
Jurisprudence
In jurisprudence, it is used as a notation in British or other Common
prosecutions to mean "the Crown" or "the state", which is represen
monarch.
It is often seen written as "R. v Defendant" which would be read as
Defendant".
It looks like the laughable hypocrisy of the 'Bi-partisa
between Gillard and Abbott in the Federal parliamen
February 2013 has been exposed and they REALLY c
silly....
